All first-time ESIC students who are registering for Fall Quarter 1991 are required to attend an orientation session. During this orientation session, the First Impressions Team (FIT), a group of well-trained student orientation leaders, act as personal hosts. Freshmen take the ASSET Placement Test and fill out a fall quarter schedule with the assistance of an orientation advisor and a FIT leader. Academic advisement by the counseling staff is also available. Students eat a delicious pizza meal, go on an educational scavenger hunt, participate in get-acquainted activities, and learn about college life in a variety of helpful sessions.

Recently a group passed during a campus tour for a picture. From left to right, front row, are Tara Rhoades of Elba, Pam Milton of Arion, Kendrick Brown, Chris Frazier, and Hye-Yong Vidensk of Enterprise, and Emily Ausley of Samson. From left to right, second row, are Anthony Thompson of Ft. Rucker, Brad Marsh of Enterprise, Kev Howland of Ft. Rucker, Stephanie Sherry and Julie Barchfield of Enterprise, Leigh Ausley of Samson, and Fred Brozowski of Enterprise. Rhoades and Brozowski are ESIC FIT members.

The next orientation session is scheduled for July 12 and 19. For more information, call 393-ESIC or 1-800-874-3399, ext. 304.

## Coffee County Schools 1991-92 Opening Announced

Clayton P. Bryant, Superintendent of Coffee County Schools, announces the opening of the 1991-92 school year. Teachers will begin on Monday, August 19, 1991, and should report to their local school for in-service at 7:45. The first full day for students will be on Tuesday, August 20, 1991. Buses will make their regular routes and breakfast and lunch will be served. The price of breakfast will be \$.50 and lunch will be \$1.25. There is no change in the free and reduced meals for those who qualify.

Elba City Schools will begin classes for students on August 20, 1991. Students will attend classes for the full school year. Parents having questions should contact Mrs. Sara D. Sharpless, Principal - Elba Elementary School, or Mr. Charles F. Clark, Principal - Elba High School.

Zion Chapel Elementary School Supply List

KINDERGARTEN SUPPLIES  
Crayons (8 basic colors - Please), pencil, Elmer's School Glue, blunt-ended scissors, supply box, construction paper (assorted colors), nap pad, writing tablet, book bag, kleenex, paper towels. Please put your child's name on all supplies.

FIRST GRADE SUPPLIES  
Pencils, scissors, glue - not paste, primary ABC tablet (broken line), construction paper, book box, book satchel, kleenex, paper towels, liquid soap.

SECOND GRADE SUPPLIES  
Notebook paper (wide ruled), 3 composition notebooks (wide ruled - each 100 pages or more), 2 pencils, glue, scissors, crayons, ruler, construction paper, school box, 1 roll of paper towels, 1 box of kleenex, 1 liquid soap.

THIRD GRADE SUPPLIES  
Notebook paper (wide ruled), 4 composition notebooks (wide ruled - each 100 pages or more), 2 pencils, glue, scissors, crayons, ruler, construction paper, school box, 1 roll of paper towels, 1 box of kleenex, 1 liquid soap.

FOURTH, FIFTH AND SIXTH GRADES SUPPLIES  
Notebook paper (wide ruled), 6 composition notebooks (wide ruled - each 3 subject), 2 pencils, glue, scissors, crayons and colored pencils, ruler, construction paper, school box, 1 roll of paper towels, 1 box of kleenex, 1 liquid soap.

Also included in the camp were performances by the TSU Summer band, a junior high school concert band and a jazz ensemble; a dance and talent show for the students; and a performance of "The King and I" by the TSU Opera Workshop.

The camp, which is one of the largest in the United States, is under the direction of Dr. John M. Long, TSU Director of Bands and Dean of the School of Fine Arts. Mr. Ralph Ford, assistant professor of music at Troy State, was camp coordinator.

Troy State University in Troy, Alabama, is a comprehensive institution that offers undergraduate and graduate degrees in 64 majors. The TSU system enrolls more than 14,000 students on four Alabama campuses and on 64 military bases around the world.

## OTHER AREA GUARD UNITS ALSO ON HIT LIST

## Elba's Guard unit in jeopardy

by Ferrin Cox

Publisher

The Elba National Guard unit with 91 members is on the list of Alabama units destined to be eliminated by the Department of Army's reduction of forces.

Also on the hit list in this area are units in New Brockton, six detachments with 18 members; Arion, with 70 members; Daleville, with 59 members; Headland, four detachments with twelve members; Troy with 50 members and Slocumb with 137 members.

The list was made public this week, however people closely associated with the National Guard were already reporting the prospects of Elba being one of those targeted.

Federal officials have said there will be no replacement units to fill any national guard army being vacated by the units on the hit list.

If Congress gives approval for this reduction, Defense Department officials have indicated they will announce a second round of cuts which would further reduce the Alabama National Guard by another 3,000 troops.

Elba has been associated with the national guard since 1922. The 14th Ammunition Train was organized in Elba on September 16, 1922. The designation was changed to the 10th Ammunition Train, Field Artillery on January 16, 1924 and again in 1932.

The unit became Battery "B" 27 117 Field Artillery on April 1, 1975. Other units of the 117th are in Dale-

ville, Arion, Roanoke and Auburn. The entire 117th is on the list.

The local guard unit was called to combat duty in WW II with the first action being in Italy in December 1943. The unit was then the 933rd Field Artillery and was operating with 155mm howitzers.

The unit was again called to active duty in 1951 and served as a

source for overseas replacement troops.

The first permanent home of the national guard was built in 1936 on North Claxton Avenue. Prior to that time they did their drilling on a lot across from the Methodist Church now occupied by Dale Moseley Photos, Hair Co., etc.

The unit moved from the old facility on Claxton Avenue in 1977 and occupied a new building on Larkin Road, across from the Elba Airport. They remain there now.

## TWO WOMEN CONSIDER VACANT SEAT

## New Brockton City Council asked to look at dark spots

by Marvin McLwain

Editor

Dark spots in the night along the city's streets was the topic of discussion in the New Brockton city council meeting.

The longest discussion in Monday night's meeting came after the council had officially adjourned.

One of the town's citizens, Luey Stuckey, complained to the council about the street lighting in front of his home. He stated that it was so dark in front of his house that he could not see what was going on.

Stuckey, who lives on John Street within a hundred yards of the police department, said that even his mailbox had been stolen. He was told that this should be reported to the postal authorities.

Councilmen, after discussing the matter with Stuckey, felt that the lighting problem could be worked out in this particular case. Several councilmen looked at the area after leaving the council meeting.

Also, Stuckey complained about youngsters gathering at the old city pool and park area located next to his home. He said they stay there late at night "making a lot of noise and disturbing the neighborhood." The council felt that this could be stopped.

The council meeting which was short consisted of councilmen talking to routine matters. They approved minutes, paid bills and Mayor Jim Driskell made several announcements to the council.

Driskell informed the council that the city's auditors would be conducting their routine closet audit of the city books.

Sgt. Cobb stated that this makes the second such audit involving a bicycle and a motorist in recent weeks.

Cabinet members with Governor Guy Hunt have been making the rounds across Alabama for the past week promoting changes in the

state's general fund budget.

Governor Hunt cast his veto on the late night budget passed by the Alabama legislature and has called a special session for early September to consider the matter again.

Visiting in Elba last week was Alabama Emergency Management Agency Director Phillip Hicks who called for the Legislature not to leave the state without a way to receive federal government assistance in times of disaster. Hicks came to Elba with his comments, reminding the members of the media present of the 1990 disaster in Elba when flood waters hit the community. He explained that the budget passed by the Legislature last month didn't have language which would have allowed Elba to qualify for the four million in federal disaster money received by the city.

"They should make us aware of these problems. I would surely have worked to insure their continued ability to serve the people as well as they have in the past ..."

Hicks said that more than 40 million dollars in federal and state funds were spent in 1990 to repair flood damage, just through Emergency Management.

He urged members of the public to contact their state representative and state senator and urge them to support a budget that will enable his department to continue to provide vital state and local services in times of disaster.

Both Elba Mayor Fred Moore and County Commission Chairman Billy Eagerton spoke to the group, commended Emergency Management and noted the city nor the county

ELBA LADY BIG WINNER... Lajuan Dickey, of Route 1, Jack was the winner of a 1991 S-10 Chevrolet pickup truck last week. The truck was the grand prize given away in a drawing sponsored by Fleming Foods of Geneva. Registration for the drawing was made available in all area Fleming Food Stores and the drawing was held in Geneva. Mrs. Dickey registered for the new pickup at the United Super owned and operated by Alvin and Rachel Helms. Pictured above presenting Mrs. Dickey with the keys to her new truck is Alvin Ellison. He was joined by Jack Helms, President of Fleming Foods; Bobby Blocker, a retail counselor with Fleming Foods; Rachel Ellison; and employees of Elba's United Super. Mrs. Dickey is the wife of Larry Dickey and they have a 4-year-old son, Lance, who was also present when his mother received the keys to the shiny new truck.

the grant to be received from the state totals \$50,000.00.

In making the presentation, Timbie said, "Kinston is our town and we care about its people."

Covington Industries, with corporate headquarters located in Oph, has manufacturing facilities in both Oph and Kinston.

In the Kinston City Council meeting last week, a resolution was passed to proceed with the matching grant application for the recreation park.

The complex, which will be located east of town on Al. Hwy. 51, will contain a youth baseball field, a soft-

ball field, three volleyball courts and a play area for tots.

Several events were held to raise the matching money with which to obtain the grant. Recently a volleyball tournament was held in Kinston, another fund raising volleyball tournament was held in Onycha, the band, Silverado, gave a concert, a bar-b-que was held, an Easter Beauty Pageant was held and a Citizens Appreciation Day was celebrated to raise funds for the park.

Hefflin Smith, a member of the recreation board, donated the land on which to construct the park.

## Kinston's Rec Park Closer To Reality

by Marvin McLwain

Editor

Kinston's new recreation park took a giant leap toward becoming a reality Wednesday afternoon, August 14, 1991.

Sidney E. Timbie, President and CEO of Covington Industries, presented Kinston officials with a check for \$1,000.00.

According to Joan Stephens, a member of Kinston's Recreation Board, the donation put the fund drive to raise matching funds for a Conservation Land Water Fund Project Grant over the top. The amount

of the grant to be received from the state totals \$50,000.00.

In making the presentation, Timbie said, "Kinston is our town and we care about its people."

## BRAINSTORMS

With Ferrin Cox

The Russians are in an uproar and we should be concerned. The news we have heard is that the hard line communist leaders have taken over by force. Tie that with the Republics already wanting to break away and be independent and it spells major trouble for the USSR and maybe the world. This could mess things up on the long term with the efforts to thaw the cold war. On the short term, the fact they have nuclear weapons could mean major trouble for the world. Any security in place to safeguard those weapons is out the window with the military/hard line politician coup. Some nut might decide to enhance his power by firing one of those destructive weapons... it is.

Governor Guy Hunt is refusing to explain his out-of-state travels of late. The lame excuse is "security". We fail to understand any security dangers after the trip has been completed... unless he means security from upset taxpayers. If he is going out-of-state to preach, we have no problem with that, just pay his own travel expenses. If he is on vacations, let family members and friends pay their own expenses, not us strapped Alabama taxpayers. Either way, those of us paying the bills have certain rights. No-body likes to give out blank checks to politicians.

Vice President Dan Quayle didn't endear himself to the legal profession last week in Atlanta. He was speaking before a convention of the American Bar Association last Tuesday when he questioned America's need for 70% of the world's lawyers. We ain't gonna jump into that one... much. However the immediate answer the lawyers should have had was akin to one we used with a friend several years ago. This friend was talking about Enterprise should have the county jail, they were the biggest, etc. We agreed, noting that the majority of the prisoners came from Enterprise and if they had all the crooks, maybe they should have the jail also. The lawyers could have explained to Quayle that 750,000 lawyers and 18 million lawsuits annually were necessary because the country is full of crooks. We don't believe all that, but it would have taken the vice president a few hours to come up with an adequate response.

An Ohio man... a self-described homeless man... recently won \$7 million in that state's lottery. One day he had no phone, was sleeping on a mattress on the floor, etc. and the next day driving around in a stretch limousine to collect his first check. He had spent some recent time sleeping in the streets because he couldn't afford housing. We like the storybook ending but question the wisdom of someone that broke and jobless spending money on lottery tickets.

We still get unsigned "Letters to the Editor". We ain't using them. The staff of this newspaper urges our readers to please sign their letters. We have found over the years that unsigned letters don't accomplish their purpose... they serve most often to offend those reading the newspaper. In other words they are counter-productive. The same goes for invented names. We have one of those on our desk now along with an unsigned one received this week. Both subjects needs to be addressed, but since we can find no one who knows the person, we will assume the woman doesn't even exist. It appears to be just an effort to get a letter printed without revealing the author.

We are apparently getting picky with our eating. If so, we must blame it on age... ain't nothing else changed. Two times this summer we came away less than pleased with a meal, and this is very unusual for those like us who favor FOOD of any (every) kind. We always encouraged our children to try something on the menu which they had never eaten. It leads to some great new experiences, but also to some expensive restaurant bills for parents. We found out about that when two of ours discovered and liked frog legs. Once again, a teenage son found a seafood dish he liked at a cost \$8.50. That ain't bad and wasn't back then but we were on fishing trips and he always wanted two at the time... when dad was eating the \$2.95 mullet special. Anyway we tried something new at one of those Oriental specialty houses and it seemed our plate was mostly butterbean hula... back on the farm we were taught not to even let the corn eat those! To their credit the cooks did clip off the sharp points which are supposed to puncture the stomach. Then recently we were on a "dinner cruise" at the beach and that meal wasn't one you would write home about. It was advertised for one low price and probably what really messed the whole thing up for us were the extras we had to pay after the trip was underway. We paid extra for something to drink with our meal and again extra for dessert. If it hadn't been that we were enjoying being with friends, that last trip would have gone down as a real bummer.

School started this week. We smiled as an Elba teacher noted Monday night why she was so happy when school was over last spring. The teachers were at work Monday and it rained. Now rain and Elba schools don't really go together so well. This lady wanted to go to another trailer but the rain messed that idea up. By day's end she was pretty bad upset... and the students hadn't even arrived.

## ELBA POLICE REPORT

The Elba Police Department during the week beginning Tuesday, August 13, 1991, investigated the following incidents: one harassment, two assaults, two harassment communications, one damage to private property, one vehicle damage, five thefts, three sales of cocaine, one dog killing a calf, three burglaries, one sale marijuana, one dog bite, and four criminal mischiefs.

Arrests made during the same period of time were as follows: two for driver's license required, five for speeding, two for suspended driver's license, two for contempt of court, four for no driver's license, one for parking in a handicapped zone, one for driving on the wrong side of the road, and one for expired tag.

Daily activity for the week was as follows:

**TUESDAY, AUGUST 13** - Rescue run to residence on Cordellia Ave. (8:54 a.m.); Routine activity.

**WEDNESDAY, AUGUST 14** - Rescue run to residence on Simmons St. (9:36 a.m.); Wreck on Claxton Ave. (4:35 p.m.); Rescue run to residence on Hwy. 189S (8:13 p.m.).

**THURSDAY, AUGUST 15** - Burglary on West St. (1:56 a.m.); Wreck on Hwy. 189N (6:06 a.m.); Rescue run to wreck on Hwy. 189N (6:14 a.m.); Rescue run to residence on Smith Ave. (3:02 p.m.); Alarm at The Peoples Bank (5:08 p.m.).

**FRIDAY, AUGUST 16** - Burglary at residence on Co. Rd. 9S (8:06 a.m.); Wreck on Claxton Ave. (1:58 p.m.); Rescue run to Brandy Hwy. (2:15 p.m.); Rescue run to Hwy. 189N (3:05 p.m.).

**SATURDAY, AUGUST 17** - Vehicle fire in Cox's impound yard (1:26 a.m.); Rescue run to wreck on Hwy. 87S (5:38 a.m.); Disturbance at Dr. Roberts Dr. (1:08 p.m.); Alarm at Dr. Dyess' office (9:59 p.m.); Prowler on Hickman Ave. (10:47 p.m.); Fight on King's Circle (11:29 p.m.).

## Diabetes Update Seminar Planned For August 23rd

An all day "Diabetes Update" seminar is set for August 23 at Enterprise State Junior College. The program will focus on current treatment of diabetes and management of the disease through diet and exercise. The seminar is open to the public and has been approved for continuing education credit for nurses. Door prizes will be given away. Call the Short Course Office by August 16 registration deadline to receive complete information - 393-ESJC, ext. 266, or toll-free 1-800-874-3399.

## We Get Letters.....

Dear Editor:

I am writing this letter because I have taken offense to some of the things being said and being printed concerning myself and my fellow Commissioners. Most of the accusations are now coming from a recently formed group commonly referred to as "The Dirt Road Committee". While I applaud their attempts at providing input to the Commission's decisions, I question their leadership and their leadership's motives.

Ordinarily, committees are made up of select individuals from a larger group of people. The usual purpose of a committee is to research certain subjects, sort fact from fiction, and then report their findings back to the larger group, usually in the form of a recommendation for action.

Apparently the Dirt Road Committee is not typical because the above has not been done. Instead of sorting fact from fiction, the group's leader, George Curenton, continues to introduce more and more fiction. This mis-information is severely damaging the integrity of the entire Dirt Road Committee. While the committee has real potential in the beginning, their effectiveness has been destroyed under Curenton's leadership. Since Curenton would rather present fiction, please allow me this opportunity to present some facts.

**FACT:** There are no funds earmarked for use on dirt roads nor have there ever been. Instead, the only ear-marked money is for use on paved roads and bridges. And this car-marking is by State Statute set by the State Legislature to prevent county commissions from using money on dirt roads. Presently 45% of the Highway Department's revenue is ear-marked for use on paved roads and bridges. The remaining funds are used as routine maintenance, payroll, equipment repairs, etc.

**FACT:** Coffee County ranks second in the state for receiving extra funds for road projects. Each year every county in the state receives \$100,000 Federal Aid Funds from the state which is ear-marked for use on dirt roads. These select roads are decided by the Federal Government. In addition, each county receives \$90,000 each year ear-marked for bridge replacement. Within the last three years alone, Coffee County has received \$1,702,086.90 extra, above the normal allocations. This money was also ear-marked for resurfacing select paved roads and replacing select bridges.

**FACT:** In my ten years as Commissioner in District 4, my constituents have been well represented. My district has had 47.3 miles of road facing on county roads 18, 14, 75, 86, 65, 55, and 43. There have been 17.3 miles of dirt roads paved, these being county roads 119, 121, 18, 106, 95, 32, 41, and 127. There has been 9.3 miles of dirt roads prepared to pave when funds become available. In addition, nine bridges have been replaced in my district during my tenure. I should also point out that Coffee County now leads the state in fewest percentage of deficient bridges.

The fact is, Mr. Curenton has failed to report the facts. The misleading fiction he has presented to his committee has done just that, lead them astray.

In its origination, county governments were set up as extensions of state government where commissioners were called "Road Commissioners". Their duty was to oversee county road operations in their respective districts. As time passed, the duties of the commissioner grew. Several years ago, the commissioner's title changed from "Road Commissioner" to "County Commissioner". However, we are still considered an extension of state government. This change was made because overseeing county road operations became just one long list of duties we are responsible for. Today, the many county departments have elected department heads, the commission is still responsible for their budgets and much of their operations.

Mr. Curenton seems to contend that commissioners be judged only on whether or not his dirt road gets paved. Curenton doesn't seem to be concerned about building jails, health departments, human resource buildings, mental health buildings, district attorney's offices, sheriff's office, etc. This commission has done well. Millions of dollars have been brought to Coffee County and millions of dollars have been spent in my district.

Most of the citizens of Coffee County have become aware of the commissioner's increased responsibilities from the much debated and much publicized jail and tax issues. Because county government is an extension of state government, most of what county government does is controlled by the state. I, like most other commissioners, have often found myself facing demands from my constituents on one hand and the state on the other hand telling me what I can and cannot do.

While certain individuals within the county, and even some outside the county, are quick to openly criticize and condemn the commission for our actions, few people, other than the commission ourselves, know the motivation of those individuals. But, that is what you elect me for, to consider all information and options available, ignoring demands by special interest individuals, and make decisions that I feel are best for the total population of Coffee County. And I have done just that. I am proud of the accomplishments in my district during my time in office.

Again, the reason I am writing this is to set the record straight. And so that no one will think this is political speech, let it be known that I do not intend to seek a fourth term. I might even suggest that since George Curenton feels so unprepared in the state for receiving extra funds for road projects, he consider seeking the office of District Four Commissioner. It only costs \$400.00 to qualify. Then maybe Mr. Curenton will find out just how the silent majority of District Four feels about him.

Eugene Bradley,  
County Commissioner

## DEATH

WILLIAM L. MADDOX

William Leon Maddox, 81, of Atleeville, died Saturday, August 17, 1991 at the Southeast Alabama Medical Hospital in Dothan.

Funeral services were held 10 a.m. Monday, August 19, 1991 at the Elba Funeral Home Chapel with the Reverend David Richburg and the Reverend Clarence Culpepper officiating.

Burial followed in the cemetery of Whitewater Baptist Church near Elba with Hayes Funeral Home directing.

## Coffee United Way launches campaign

A CAPACITY CROWD was present for the kick-off luncheon of the Coffee County United Way last Thursday at the Enterprise Civic Center. All food for the event was donated by area restaurants, grocery stores and meat processors.

DR. TIM ALFORD is fund drive co-chairman for the United Way this year. Serving with him is John W. Sharpless of Elba.

The annual Coffee County United Way 75-day campaign fund drive got underway in grand fashion last Thursday with a kick-off luncheon in which Fund Co-Chairman Dr. Tim Alford announced a goal of \$94,710 to be raised within the county for various approved charitable agencies. Serving with Alford is John W. Sharpless of Elba.

Ken Farris, of Enterprise, is serving as Chairman of the Coffee County Board of Directors. A group of volunteers from throughout the county serves staggered terms on the board.

The luncheon was attended by a host of drive chairmen, volunteers and directors. Also present were representatives of the various agencies being funded by United Way.

The Coffee County chapter of the United Way is part of the Wiregrass United Way, a move taken earlier this year to better serve the people of the Wiregrass.

With the combining of the two chapters, the total of funds to be raised for the agencies was also increased to a record high.

MARGARET MARY HOSPIKE has a unit in Coffee County and are active throughout the county. They work with people who are very sick and have needs which can't be filled by family members or medical professionals. They are all trained volunteers.

The Elba Police Department sponsored a bicycle safety course, Saturday, August 3rd. Shown above are some policemen and children participating. The Police Department consider the project a success.

Pictured above are Chins-up Camp participants on the first day of the camp. They were preparing to leave on their trip to Montgomery to tour a prison and visit the city's zoo.

## Chins-up Camp clearly successful

Coffee County's CHINS-UP Camp, a camp for "tough" kids, concluded on Saturday evening, August 10, with an awards banquet at First Baptist Church in Enterprise.

The camp was sponsored by the Coffee County Department of Human Resources, the Coffee County Extension Service and the Coffee County Juvenile Probation Office.

The camp was held at the King's Vineyard near Ardon, recently purchased by the Coffee County Baptist Association.

Purpose of the camp was to increase self-esteem and self-awareness among youth, junior high age, who could be "at risk" of becoming delinquent.

Thirty eight youth from Elba, Enterprise, New Brockton and Zion Chapel attended the camp to learn about communications and team building. Leading these educational sessions was motivational specialist Cynthia House from Knoxville, Tennessee.

CHINS-UP participants were excited by new experiences including a tour of Staston Prison in Elmore County and the Montgomery Zoo. They were motivated by Mrs. House, as well as Dr. Willie Larkin of Auburn University Extension Service and Mrs. Connie Harper, Executive Director of Occupational Industrial Centers of Montgomery.

A reunion of the group has been requested and that request will be come a reality in September when Sheriff Brice Paul is planning a "lock in" and spend the night party in the new jail facility before it is occupied by county prisoners.

Many agencies, organizations and individuals networked resources to make this prevention program possible. All agree that it was highly successful.

Each participant received a Certificate of Achievement for having completed the program. One CHINS-UP camper walked a great distance to receive his certificate.

The first CHINS-UP graduates all agree that the program should be repeated next year. Most have asked to be a part of that camp.

A reunion of the group has been requested and that request will be come a reality in September when Sheriff Brice Paul is planning a "lock in" and spend the night party in the new jail facility before it is occupied by county prisoners.

### Susan King - Blair Smith Pre-Nuptial Parties Held In Fernandina Beach, Florida

Mr. and Mrs. Steve Simmons hosted a "Honey Do" party on Friday, April 19, in their home.

A luncheon for family members was given by Mr. and Mrs. Jack Fletcher and Mr. and Mrs. Jim Fletcher at Brett's Waterway Restaurant on Saturday, April 20.

Mr. and Mrs. Bob Whitaker hosted a bar-b-q picnic at their River House on Saturday evening, April 20.

The ladies of the First Baptist Church of Fernandina Beach, Inc. held a shower on Thursday evening, May 9.

### Susan King - Blair Smith Pre-Nuptial Parties Held In Elba, Alabama

**RICE-BAG PARTY**  
On Monday evening, July 15, a rice-bag party was given in honor of Miss Susan King at the home of Mrs. Roland Powell. Lovely flower arrangements were placed on the dining tables where the guests were served a delicious salad supper.

Hostesses with Mrs. Powell were Mrs. Donnie Morris, Mrs. Hugh Davis, and Mrs. Ken Amison.

**REHEARSAL DINNER**  
Mr. and Mrs. Alvin Smith of Fernandina Beach, Florida were the hosts for the rehearsal dinner in honor of their son Mr. Blair Smith and his bride-to-be Miss Susan King. The buffet dinner was held at the Colony Inn in Enterprise on August 2, following the rehearsal.

Each table was covered in white linen and held arrangements of fresh summer flowers and voices in crystal holders. The large arrangement on the head table was flanked by a silver candelabra holding burning white candles.

After making the traditional toasts to the bride and groom the guests were treated to a video presentation of the lives of Blair and Susan from childhood to the present.

Seated at the head table with Blair and Susan were their parents and grandparents Mr. and Mrs. Paul King, Mr. and Mrs. Alvin Smith, Dr. and Mrs. E. M. Warr, and Mrs. R. A. King. Other guests were the bride's family members, and the out-of-town guests.

**BIDESMAIDS LUNCHEON**  
Wedding bells adorned the front door of the Fleetwood Carley home on Saturday, August 3, to welcome

A morning coffee was held in the home of Mrs. Willie Watson on Saturday, May 11.

Jad's at Palmetto Walk was the setting for a luncheon given by Betty Wass, Rosanna Oliver and Clarice Gregory on Saturday, May 11.

Mrs. Hugh Stone, Mrs. Alan Whitfield and Mrs. Phil Floyd entertained with an afternoon tea in the Stone home on Saturday, June 8.

The teachers from Kingsland Elementary School had a birdseed bag lunch and a going away party for Susan King in the home of Mrs. John Salter in Kingsland, Georgia.

### Miss Susan Sims To Wed Mr. Scott Brown Saturday, August 24th

Miss Susan Sims and Mr. Scott Brown invite you to share in the joy as they pledge their lives to each other before Christ on Saturday, the twenty-fourth of August, nineteen hundred and ninety-one at seven o'clock in the evening at Woodland Grove Baptist Church, located on County Highway 79, Elba, Alabama.

### Mr. And Mrs. Gray To Be Honored On 50th Anniversary

T.B. and Lillian are being honored with a 50th Wedding Anniversary celebration at Friendship Baptist Church on Sunday, September 1, 1991 from 2:00 - 3:30 p.m. by their children and grandchildren.

Candace Forbes  
**Receives Degree**

Candace Forbes (nee Candace Berry) of Salem, Massachusetts has been awarded a degree from the University of Alabama in Birmingham School of Anesthesia.

She will be employed by Anesthesia Associates of Salem and will be affiliated with Salem Hospital in Salem, Massachusetts.

Mrs. Forbes, daughter of Mr. and Mrs. Harold Berry of Elba and wife of Lyles Forbes of Salem, received her bachelor of science degree in chemistry and biology from the University of Montevallo.

**Stella Tyson, Willie Young Wedding To Be September 1st**  
Stella Tyson and Willie King Young will be married on September 1, 1991.

The marriage will take place at the home of the bride in Kennedy Estates. All friends and relatives are invited to attend.

Pictured left to right: Mrs. John R. Smith, Mrs. Donnon Bryan, Mrs. Christian Fleming-honoree and Mrs. Robert Fleming.

### Mrs. Christian Fleming Honored With Miscellaneous Shower

Mrs. Christian Fleming (nee Carla Michelle Bryan) was honored with a miscellaneous shower on Sunday, August 18, 1991 at the lovely home of Mrs. John Robert Smith, mother of the bride, and Mrs. Robert Fleming, mother of the groom.

The registry table was covered with a white Army-Navy linen cloth and featured a lovely arrangement of white shasta daisies and yellow roses. The strength of Galilee still goes before us to guide us in this world.

**Home Economics State Staff Honor Mrs. Young With Retirement Luncheon**

The Home Economics State Staff of the State Department of Education honored Mary Young and her 39 years of educational, professional service with a retirement luncheon July 26, 1991 in the Alabama Room at the Governor's House Hotel in Montgomery, Alabama at 12 o'clock noon.

The Alabama Room was elegantly decorated with the lunch table fresh cut summer flowers and tables were draped in white linens. Delightful background music set the mood for the occasion.

Mrs. Mary and her family formed a receiving line to greet their guest at the entrance of the Alabama Room.

Guests were registered by Mrs. Jane Sims, State Home Economics Office Secretary.

Dr. Nan Burgess, State Specialist in Home Economics presided over the program titled, Memories. She presented autobiographical information of Mary's life and educational career.

Mrs. Mae Mason, State Department of Education, pronounced the invocation.

Mrs. Gina Young Talbot followed Mrs. Mason with her loving memories of her mother through song, "Wind Beneath My Wings."

Mrs. Judy Killingsworth, Mrs. Cindy Stokes Darnell and Mrs. Ann Spence presented "Sweet Memories" of Mary as former students of New Brockton High School and Elba High School.

Mr. Alan Watkins, minister of the Enterprise College Avenue Church of Christ, shared Treasured Memories of Mary and followed his remarks with two favorite songs of Mary's "My Way" and "Where No One Stands Alone."

Mr. Linda Boyce of Birmingham, Alabama remembered "cherished Memories" of Mary as a former neighbor in Elba.

Mr. Elmer Taylor and Mr. Lamar Foley, former principals, Vocational Directors, and Superintendents shared "Golden Memories" of the 22 years spent working together at Elba High School and the planning, designing, and building of the Elba Home Economics Department in the area school.

Miss Ruth Stovall, former State Home Economics Supervisor, presented "Pleasant Memories" of Mary as a student at the University of Montevallo and as a beginning Home Economics teacher.

Mrs. Sue Smith, former State Home Economics Specialist, recalled "Lasting Memories" of Mary as the District VI Specialist of 13 southern counties.

Miss Betty Coe, Miss Kay Johnson, Mrs. Madeline Jones, Mrs. Vivian McCans and Mrs. Helen Wright, State District Specialists in Home Economics shared "Fond Memories" of their work with Mary. They presented Mary with a silver ice bucket as a reminder of their work and times together in the State Department of Education.

Dr. Steve Franks, State Vocational Director, State Department of Education, shared fond memories of Mary and presented Mary with a Waterford Crystal bowl from friends and vocational education personnel.

Mary concluded the celebration with "Memories to Remember" of her 39 year educational and professional career and thanked everyone for caring and sharing this memorable day with her.

Other friends and colleagues presented Mary with other beautiful, memorable gifts to remember her educational career.

The Future Homemakers of America contributed money to the PHA Foundation which will use the funds to provide scholarships to women.

The celebration concluded with a song, "Where No One Stands Alone," and a prayer by Mr. Alan Watkins.

The celebration concluded with a song, "Where No One Stands Alone," and a prayer by Mr. Alan Watkins.

## Pastor's Corner

By Rev. Winston Jay

Elba United Methodist Church

### The Legacy Of Jesus

Often when someone dies, one of the questions that is certain to arise is, "How much did he leave?" When we recall the life and death of Jesus we are aware that he did not leave behind a fortune in material goods. What he did leave cannot be adequately measured.

One thing he left us is his teachings. St. John records, "No one ever spoke like this man." The teachings of Jesus are in simple words, even a child can understand. When struggling with doubt, temptation, or the perplexities of this modern world, look to the teachings of Jesus and you will find help.

He left us his life as a perfect example of his highest and best that a human being can achieve. Not only did he tell us how to live, he has shown us how by his example.

When our faith grows weak and our love gets cold, we lift our eyes to see the one who was "very God and very man." The strength of Galilee still goes before us to guide us in this world.

He left us the Holy Spirit. It was a gift that could not be received until He had departed. The Holy Spirit was given to comfort, to reprove, and to guide us in all truth.

The coming of the Holy Spirit meant that the presence of Christ as experienced by those first disciples, could now be experienced by all people in every age. This gives us power for the present, and faith for tomorrow.

The legacy of Jesus is His life, His teachings, the coming of the Holy Spirit, and a promise - "I will come again."

**Homecoming To Be Held At New Haven Baptist Church Aug. 25th**  
Homecoming will be held this Sunday, August 25, at New Haven Baptist Church. The day will begin Bible Study at 10:00 a.m. Morning worship will begin at 11:00. Dennis Coxwell, youth director will be delivering the morning message. A high attendance goal for services and activities has been set.

Lunch will be served following the morning worship service. A sing will be held in the afternoon. Guest singers will be the Davis Brothers and Joy.

All former members and friends of New Haven are invited to attend.

**Small Ads Sell! You're Reading One.**

### LADIES PRAYER NIGHT

Tuesday, August 27, 1991

LOCATION: FIRST ASSEMBLY OF GOD 1357 Highland Drive

Time: 7:00 P. M.

It seemed like birthdays was the topic when the Senior Citizens of Cordelia Street met for their weekly meeting on Friday Street. There were two members who recently celebrated birthdays, Zedie Bouyer and Marion Brunson. Also, it was the 16th birthday of Christina (Teetoo) Carpenter. Many happy returns of the day to each one. Members went to the stores and then visited and caught up on the news. All were concerned about Mrs. Bolings sick husband. Even though the facilities are limited, the crowd was still able to be entertained. The more than usual delicious lunch was served to the following: Myrl Burkett, Bonnie West, Mattie Lou Goodson, Zedie Bouyer, Alene English, Iris McDowell, Sarah Smith, Frank and Lennie McCullough, Arthur Blackman, Mozell McCormick, Louise Morrow, France Shaboo, Annie Pearl Carpenter, Brittany, Lanchessia, Lance, Nicolas (grandchildren), Christina Carpenter, Catherine Carpenter, Arnold Amenda, Marion Brunson, Allen Simmons, Casey Paton, Talia Alcorn, Jonathan Alcorn, Josephine Green, M. Boling, Wanda Sasser.

Fran Harrison will be the special guest speaker for a "Ladies Prayer Night", hosted by First Assembly of God.

All ladies from Elba and the surrounding area are invited to this full gospel night. Fran Harrison is an evangelist and author and has a sign gifted ministry.

A covered dish lunch is planned.

Jaletta Wells Parsley

### Jaletta Wells Parsley Awarded Doctor Of Psychology

Jaletta Wells Parsley was awarded the Doctor of Psychology degree by Baylor University on August 10, 1991. She has recently completed her internship in clinical psychology at the University of Rochester Medical School in Rochester, New York.

Also ministering in song will be Sung Sook Lee from Korea.

Dr. Mary Stewart Relfe, founder and President of League of Prayer from Montgomery, Alabama will be ministering at Country Cathedral Friday night, August 23rd at 7:00.

Dr. Mary Stewart Relfe, founder and President of League of Prayer from Montgomery, Alabama will be ministering at Country Cathedral Friday night, August 23rd at 7:00.

**Country Cathedral To Have Crusade**  
A "Crusade" with Rev. Charles Greenaway, Rev. Phil Greenaway and Rev. Joe Stenson will be held at Country Cathedral beginning Sunday, August 25th through Friday, August 30th at 7:00 p.m. each night.

Everyone is invited to come and bring friends and neighbors and especially the sick. Come expecting a mighty deliverance by Jesus Christ who is the same yesterday, today and forever!

**"Naomi And The Segos" To Be At Love's Way Church August 25**  
"Naomi And The Segos" from Centerville, Georgia will be singing at Love's Way Church on Sunday, August 25, at 6:00 p.m.

Love's Way is located on Highway 134 West (Damas Road) Enterprise, Alabama.

No admission will be charged, but a love offering will be received.

For more information, call 347-8212.

### Get-To-Gether Planned At Spring Hill Baptist Church

A get-to-gether is planned for Saturday, August 24th for all former students of Pike Co. Spring Hill consolidated school. Registration starts at 10:30 a.m. at Spring Hill Baptist Church.

A covered dish lunch is planned.

### Squire Parsons To Be In Concert In Florida

World famous gospel songwriter and concert artist, Squire Parsons will be appearing in sacred concert at the First Baptist Church, Florida, Alabama, Saturday night, August 31, 7:00 p.m.

Mr. Parsons is a native of West Virginia and past Baritone singer for the Kingsmen Quartet. Since 1978 he has been nominated every year by the "Singing News" fans for "Favorite Baritone" and "Favorite Gospel Songwriter." He holds many awards throughout the gospel music industry including the coveted Dove Award.

Squire is a prolific songwriter. In 1951, his song, "Sweet Beulah Land" was voted "Favorite Song of the Year" by the "Singing News."

Some of the other gospel classics written by Parsons include "Master of the Sea," "Oh What A Moment," "The Broken Rose," "He Came To Me" and "I Sing Because." Many gospel recording artists have recorded at least one of his songs.

This concert is open to the public and admission is free. Rev. Teddy Relfe is Minister of Music at First Baptist Church, Florida.

**Dr. Mary Stewart Relfe To Be At Country Cathedral**  
Dr. Mary Stewart Relfe, founder and President of League of Prayer from Montgomery, Alabama will be ministering at Country Cathedral Friday night, August 23rd at 7:00.

## Elba Students Attend Auburn Honors Program

by Joe Jacobs

Recently, four Elba High School students spent two weeks on campus at Auburn University while participating in the 1991 Science and Technology in Agriculture Honors Program. Lakia Hammonds, Kevin Dewberry, Grant Coleman, and Joe Jacobs arrived on campus on July 21. Upon arrival, these students first registered and checked into their dorm rooms. Lakia, Kevin, Grant,

and Joe were joined by twenty-nine other students from throughout Alabama. While attending the special program for high school students, they were introduced to such various topics as entomology, animal and poultry science, agricultural economics, microbiology, genetic engineering, plant pathology, and horticulture. Aside from lectures and lab experiences, they took many field trips, including a tour of the campus, the new athletics facility, the veterinary clinic, the George Washington Carver museum in Tuskegee, the library,

and Callaway Gardens at Pine Mountain, GA. The students also attended several social events, including live concerts, roller skating, going to the movies, and a trip to the Alabama Shakespeare Festival in Montgomery. The students were also entertained by ghost stories told by Alabama author Mrs. Katherine Tucker Windham. Mrs. Windham has written several books, including one about Alabama ghost.

Highlights of the program were a mock stock market game where the students actually had the opportunity to earn money, the tour of the veterinary clinic, visiting Callaway Gardens and the trip to the Alabama Shakespeare Festival.

Throughout the two weeks, most meals were taken in the cafeteria on campus, but the students were also treated to a fish fry, a barbecue supper, and several meals at restaurants in Auburn. All expenses of the program, which included meals, rooms, tuition, and social activities, were covered by the Alabama Farmers Federation and its county Farmer-Federation offices.

When the students departed to home on August 2, they left with many new friendships and a greater knowledge and appreciation for agriculture.

### Special Enrollment IRS Exam To Be Given

A reminder to persons who wish to take the annual Internal Revenue Service Special Enrollment Examination has been issued by Philip J. Sullivan, District Director of IRS in Alabama. Applications must be postmarked no later than July 31 to be eligible for this year's examination.

The annual IRS two-day examination is usually taken by persons who are tax preparers. It helps to qualify them to represent their customers before the IRS on tax return examinations, or audits, and similar tax matters.

This year the IRS Special Enrollment Examination is scheduled to be held in Birmingham on September 26 and 27.

For those taking all four parts of the exam, the application fee is \$50. For persons who passed a part of the exam last year and are finishing it this year, the fee is \$40. Over 5,700 persons took the examination last year.

Those interested in taking the examination can obtain a Special Enrollment Examination Application packet containing information on the requirements for enrollment and details about the examination. The packet can be obtained by writing to: Special Enrollment Coordinator, Internal Revenue Service, 500 22nd Street South, Stop 115, Birmingham, AL 35233, or by calling 205/731-2320.

Mark Wicker &amp; Adam Waddail

### Mark Wicker & Adam Waddail Attend Camp Seal Harris

During the week of August 4-10, Mark Wicker and Adam Waddail attended Camp Seal Harris in Wetumpka, Alabama. The motto for this camp is "Teaching children with disabilities a positive approach to living."

Most of the staff, counselors, and personnel are diabetics themselves. This gives the kids an excellent opportunity to learn diabetes management such as diet, giving their own shot, exercise, etc. Education classes held daily were taught by doctors and nurses.

Other activities the campers enjoyed were horseback riding, archery, rifle range, carnivals, dancing, swimming, and hiking.

Camp Seal Harris, established in 1947, is held annually. This was the first time for both Mark and Adam. Mark is the 10 year old son of Stan and Jan Wicker of Elba. Adam is the 8 year old son of Steve and Melanie Waddail of Elba. They are both patients of Dr. Bruce Trippie, M.D. of Montgomery, Alabama.

### Regional Bird Show To Be Held In Montgomery

The Central Alabama Aviculture Society will present their tenth annual bird show and fair August 31 and September 1 at Montgomery's Governor's House Hotel and Conference Center.

One of the region's largest exotic bird shows, the event will feature the show and sale of over 800 birds, including cockatoos, budgies, finches, cockatiels, hooded parrots and canaries. Outstanding seminars will be conducted by four of the nation's most respected aviculturists and avian veterinarians on Sunday, September 1. Bird suppliers and vendors from all over the Southeast will also be exhibiting during the weekend.

The show will be open Saturday, August 31 from 9 a.m. to 5 p.m. Admission is free. Visitors to the show may buy a raffle ticket to win a hand-held baby umbrella cockatoo. The drawing will be held at 3:30 p.m. on Sunday.

Brittney Johnson

### Brittney Johnson Celebrates 1st Birthday Aug. 28th

Brittney Johnson, daughter of Debbie and Jeff Johnson of Elba celebrated her first birthday, Wednesday, August 21st.

Grandparents are Minnie Lee and Charles Johnson of Elba and Frances and Charles Richardson of Samson.

### ELBA SCHOOL MENU

## Coffee County Arts Alliance To Present "The Nutcracker"

The Coffee County Arts Alliance has engaged Ballet Mississippi to present "The Nutcracker" at the Enterprise High School Auditorium at 7:00 p.m. on December 5, 1991. Fifteen local children, ages 7 1/2 - 13 years of age, will be cast as supporting dancers.

Auditions will be held on September 21, 1991, beginning at 9:00 a.m. at the New Brickton High School Auditorium. Alan Woodward, artistic director of Ballet Mississippi, will select the dancers. Those selected should plan to spend the day at New Brickton as a rehearsal will be held immediately following lunch. Dancers for the following roles will be selected on September 21:

20 angels, ages 7 1/2 - 8 1/2  
12 mice, ages 11 - 12

\*Since the financial support for CCAA comes primarily from Coffee County and Ft. Rucker, CCAA believes it is appropriate to limit the participants to residents of these two areas. The above roles require prior dance experience.

There will be a mandatory rehearsal at the high school on the evening of December 4, 1991. Costumes will be provided by Ballet Mississippi.

This is the first time "The Nutcracker" has ever been presented in its entirety in Coffee County. CCAA is pleased to offer local students an opportunity to dance with a professional dance company and invites all interested persons to participate in the audition on September 21.

Arrian Larelle Bowers celebrated her third birthday on August 15, 1991. She is the daughter of Buddy and Renita Bowers of Elba, Alabama and the granddaughter of Mary Irene Bowers and the late George Bowers, Sr., of Elba, and the late Eugene and Laddie Akridge of Ozark, Alabama. Arrian celebrated with a pool party at Hawkins-Williams Park in Elba with her friends and family.

## School Clothing Needed For Foster Children

The Coffee County Department of Human Resources is sponsoring a "Clothes a Foster Child" project for clothing one foster child with two outfits. The project is working to obtain clothing for foster children who need warm, appropriate clothing for school. Coffee County DHR has some 80 children in foster care.

Anyone interested in helping may send checks to Coffee County Department of Human Resources/Clothes a Foster Child, P. O. Box 1655, Enterprise, AL 36331. A contribution of \$50.00 will assist in the project. For more information, contact Myrna Rhoades, Coffee County Department of Human Resources, at 847-5865.

### Mrs. Young Honored On Retirement

The Alabama Vocational Education Professional Development Workshop was held in Montgomery, Alabama on August 13-14, 1991 at the Civic Center and Governor's House Hotel.

The H. E. Section, Alabama Vocational Association sponsored a recognition luncheon to recognize state Home Economics staff and teachers who were retiring.

Mrs. Mary Young of Enterprise, Alabama was recognized for 39 years of educational service in Alabama schools and the State Department of Education and District 6 Home Economics Specialist in 13 southern counties.

A resolution for recognition of accomplishments was presented by the Association. Friends and teachers presented the Future Homemakers of America Foundation with funds to provide scholarships to worthy students pursuing a career in Home Economics in honor of Mary.

### Contemporary Religions To Be Offered By ESJC

This fall Enterprise State Junior College is offering a course designed to acquaint students with the beliefs and practices of the major contemporary religions of the world. Included in the class will be studies of the religions of Africa, the Orient, and the western world. A historical analysis of the origins of the various religions will also be incorporated in the same course which may be taken Monday-Thursday from 10:55 a.m. - 12:00 noon or on Monday and Wednesday evenings from 7:55 - 10:00. Registration is in progress and classes will begin September 9. To register or obtain more information call 393-ESJC, ext. 266; or toll-free 1-800-874-3399.

### Career Training Program To Be Held Aug. 3-16

Interviews for the Enterprise State Junior College Career Training Program for Women have been scheduled for September 3-16. The program will begin September 23 and include six weeks of seminars and workshops designed for adult women interested in returning to school or in entering or re-entering the work force. For more information call 393-ESJC, ext. 266; or toll-free 1-800-874-3399.

## Views From The Pressbox

By Ricky Mularz

My job kept me busy just about seven days a week throughout the summer, so, when the kids would say they wanted to go somewhere I'd usually agree and tell them we would go before school started. Well, this summer just kept going and going and school has now started and we still haven't made it to Atlanta to visit Six Flags or to watch the Braves, and haven't even made it to the beach. I feel kind of bad that the kids missed out on what had turned into annual trips, but football season isn't here yet and we've still got the weekend!

### ELBA TIGERS FACING DIFFERENT KIND OF SEASON

The Elba Tigers have been among the state's winningest football teams for the past 8 seasons, and while the Tigers should keep on winning in '91, it will take a monumental effort from a small number of players to keep the Tigers on top.

Only 27 players out of the Elba roster this season, the smallest number of players in many years, and that means the players that are wearing the black and gold will have to work even harder than ever to keep the Tigers on top in the 3A ranks. The small number is a little misleading in that Elba does have a veteran quarterback in Joel Kirkland, a stable of running backs that include Greg Thigpen, Marcus Tyson, Teddy Burks, Jamie Brockton, Brian Reedy and Perry Stinson and a solid corps of receivers in Joe Donaldson, Anthony Bradhears, Marcus Tyson and Josh Caldwell. The real shortage comes in the line; however, there are season-hardened vets returning among the handful of players, including Tommy Young, Gary Gilbert and Bryce Phillips.

It is true that with 27 players there will be some players, maybe even several, that don't get many chances to rest during the course of a game, and that the Tigers will need a lot of luck with the injury bug. It looks like a long season for the Tigers, but for the fans, it could very well be just another exciting time!

### COUNTY TEAMS BEGINNING TO SHOW PRELUDES

Football practice has completed one week of drills and talk out of the area camps indicate that it could be an exciting season for teams in Coffee County. Here's a quick peek and what early workouts look like...

**ZION CHAPLIN** returned to its winning ways last season and appear to have picked up where they left off. The Rebels have quality players at key positions and if some youngsters come around, the Rebels could be big winners in '91.

**NEW BROCKTON** struggled early last season before catching fire late, and the folks over in Gamecock country are excited about what lies ahead. The Gamecocks have had a year to get used to their new coach and with the talent available, wins should come in bunches.

**KINSTON** pulled an "off" a year ago as they went 0 for 10; however, the attitude is good at the Bulldog camp and the Dogs are ready to start playing folks back. The Bulldogs are short on numbers and a little short on talent on the 2A level, but with the positive attitude the team has... watch out.

### ATLANTA BRAVES KEEP HANGING AROUND

I'll have to admit that last week's road trip to San Diego resulted in this fan missing some late inning heroics, but now that the Braves are back East, I should get the chance to re-catch Atlanta Brave pennant fever. The Braves missed a couple of chances to catch the Dodgers during the road trip, but a winning road trip isn't bad and when road trips end, next comes home sweet home.

I still have a hard time making myself believe the Braves are going to win the Western division pennant; however, stranger things have happened!

## Tiger schedule "tough as ever"

### Twenty-seven players greet Elba's Wood for opening of drills

The Elba Tigers hit the practice field last week in preparation for the upcoming high school football season and Coach Mack Wood reported that while the numbers were down, the enthusiasm and team spirit were high.

Only 27 players greeted the Tiger coaching staff for the opening week of fall drills and Wood stated the low number was due to a combination of factors.

"We dressed out almost 50 players for spring training," said Wood, "but lost six players due to grades and another 14 due to various reasons, such as jobs and simply a lack of desire to play football. We lost three or four players who felt like they could help us from the start, while the younger players will hopefully work on their grades and come back and help us down the line."

"Having only 27 players at practice does change the way you do things," added Wood, "but we'll get used to the size of the squad and settle into a routine pretty soon."

"We went out in shorts for the first three days and worked on conditioning and timing," said Coach Wood, entering his 15th year at the Elba helm, "and then put on the pads Thursday and did some hitting. We are obviously a little short handed when we try to line up and scrimmage; however, the lack of players does mean that the ones we've got will get a lot of work."

"We can't really tell just what we've got this early in drills," said Wood, "but it looks like we've got good depth and talent at running back, receivers and defensive backfield, and a major shortage of folks in the line. The first day out we only had seven players working with the line, and when it takes five to start, that tells you we are a little short handed."

Wood's first team at Elba posted a 6-4 record, his second 8-2 and the third team posted a 9-2 state, and the Tigers were on their way to football dominance in Alabama!

During his 14 years at the helm at Elba, Coach Wood has compiled a combined record of 120-43, an average of over 8 wins per season, and has led the Tigers to eight straight trips to the state playoffs.

The Tigers finished as the state runner up in 1985 in Class 4A and again in 1986 in Class 3A, and the Tigers were on their way to football dominance in Alabama!

"This week we'll make sure every player is in the right position and also make sure that every player has two positions that he can help us at," continued Wood. "Some players will have to learn three or four positions and that may slow us down a little, but it is something we'll have to live with."

"The players know we're short handed and know that it is going to take a maximum effort from every single player to have a winning season," said Wood, "but here at Elba the players always know that we play a tough schedule and know that they have to give 100 percent. This will be a hard season to predict; however, with the players we do have and the pride they've got in themselves and Elba High, we could just surprise some people before the season goes very far."

"The schedule is identical to last year's," added Wood, "except the sites of the games are reversed. We get off to a very tough start with 4A Daleville coming to town, and then having to go to Louisville. Daleville whipped us in the season opener a year ago, while Louisville almost beat us in Elba and know thinks it can whip us. The first two games will tell us a lot about what to expect."

"The schedule certainly doesn't get any easier after the openers," stated Coach Wood. "Laverne comes here in week #3 and the Elba-Laverne game is always a battle, and then the next week we go over to Opp to play what some are calling the best Opp team ever! Pike County, always one of the toughest teams in the state comes to Elba for the fifth game and then we have to

hit the road for long trips to Georgia and Rehoboth. Georgiana left here last year thinking they should have won and Rehoboth's program has really come a long way and they will be ready for us. Monroe County and Andalusia will be up next and both are 5A teams with loads of tradition and then we close out the season against Slocomb, a team that has some of the top athletes around."

"The schedule is tough anytime," said Wood, "but may be especially tough this season."

## Wood entering 15th year at Elba helm

When the high school football season kicks off in two weeks, Elba's Coach Mack Wood will be beginning his 15th season at the Elba helm and closing in on his 20th career win as a head football coach.

Wood came to Elba during the spring of 1977 after a successful stint at the University of Alabama, where he coached for three years and won a national championship.

Wood's first team at Elba posted a 6-4 record, his second 8-2 and the third team posted a 9-2 state, and the Tigers were on their way to football dominance in Alabama!

During his 14 years at the helm at Elba, Coach Wood has compiled a combined record of 120-43, an average of over 8 wins per season, and has led the Tigers to eight straight trips to the state playoffs.

The Tigers finished as the state runner up in 1985 in Class 4A and again in 1986 in Class 3A, and the Tigers were on their way to football dominance in Alabama!

During his 14 years at the helm at Elba, Coach Wood has compiled a combined record of 120-43, an average of over 8 wins per season, and has led the Tigers to eight straight trips to the state playoffs.

## "We thought impotence had to be permanent."

## "Friends told us we were wrong."

### Potency Restored of The Tri-States Offers support and education on the causes and treatments of impotence.

Recovery from male impotence is today more likely than ever before. Whether psychological or medical, help is readily available. You and your partner are invited to participate in a series of free educational classes where you'll learn more about the causes of impotence and the latest treatment available. Join others who have experienced this disorder and learn how they have dealt with it.

The Potency Restored of The Tri-States support group, now in its sixth year, begins a new series on Tuesday, August 27th, September 24th, October 22nd and November 26th. Meetings are held the fourth Tuesday of each month at 7 p.m. in the auditorium (basement level) of the Medican Center.

The return to a more satisfying, fulfilling life is now up to you.

## ROUND AND ABOUT WITH ERIA 897-2006

Be ye therefore followers of God, as dear children and walk in love, as Christ also hath loved us, and hath given himself for us an offering and a sacrifice to God for a sweet smelling savor, but fornication, and all unclean mess or covetousness, let it not be once named among us, as become saints;

Neither filthiness, nor foolish talking, nor jesting, which are not convenient, but rather giving of thanks. For this ye know, that no whoremonger, nor unclean person, nor covetous man, who is an idolater, hath any inheritance in the Kingdom of Christ and of God.

Let no man deceive you with vain words: for because of these things cometh the wrath of God upon the children of disobedience.

Be ye therefore partakers with them.

Ephesians 5: 1-7

**FOUNDERS' DAY PROGRAM**  
The One Hundred Ninth Founders' Day Program of the Mulberry Missionary Baptist District Association will be held on Sunday, August 25, 1991 at 6 p.m. The event will be held at the Mulberry Association building on Highway 166, Elba.

The Theme is: For God is not unrighteous to forget your work and labor of love. Hebrews 6: 10

The call to worship and presentation of the guest speaker will be given by Moderator Chamon.

The sermon will be brought by Dr. V. J. Coleman, pastor of St. Basil Baptist Church, Enterprise, and President, Southeast State Convention.

The St. Basil Choir will be the featured choir and Sister Barbara Tillis will present the official Welcome.

A history of the Mulberry Association will be presented by Deacon W. J. Adair.

Memorial services will be conducted by Sister Juanita Scott, Deacon J. C. Brooks and Deacon Grover Belcher.

**CORRECTION**  
The date on the programs sent out for the One Hundred Ninth Founders' Day program of the Mulberry Association is incorrect. The date should read Sunday, August 25, 1991.

\*\*\*\*\*

**WELCOME** to the 17th Anniversary of the Jordanaires of Enterprise, AL, August 24 and 25, 1991.

The theme is: O come let us sing unto the Lord Let us make a joyful noise to the rock of our salvation, Psalm 95:1.

The Saturday night session will begin at 7:30 p.m. at the Southeast District Singing building, five miles West of Danley Cross Road, County Road 15, Elba, AL. Special guests will be the Silver Leaves, Ozark; Flying Clouds, Brundidge; Bills of Zion, Lapine; and the Cunningham Family, Opp.

Donations at the door are \$2.00 each.

Sunday afternoon at 2:30 p.m. the celebration will continue in the Enterprise Civic Center. Special guest will be the Gospel Travelers, Dothan; The Sensational Goldenaires, Ft. Walton Beach, FL; Bible Tone, Dothan; Maybelle and the Family Silver Stars, Eufaula; and The Chosen Prophet, Clayton. Donations at the door will be \$3.00 and children under 12 \$1.00.

## Tips on Cleaning Refrigerator

Angela G. Hughes - County Agent

### CLEANING THE REFRIGERATOR

When you're housecleaning, do you occasionally include your refrigerator? Here are some tips for cleaning the refrigerator.

The freezer should be at zero degrees. If the freezer section is overpacked and frosted over, it can't work well. Ice crystals can invade food causing the loss of quality. Toss out old, frozen-over foods. Keep other packages only if they're not past the "use-by" date. Defrost the freezer if necessary and date the packages you save. Place them up front for easy use.

Check the food on the refrigerator shelves where the temperature is no higher than 40 degrees Fahrenheit. Clean out this area before you put back any food. Baking soda in water will cut mold inside the box. Some bleach in water will take the mold off the rubber casings. Check the bleach bottle for directions.

Cleaning the refrigerator prevents food waste and makes room for leftovers.

**SALADS: THE GREEN REVOLUTION**  
First it was the wedge of iceberg lettuce topped with a dressing. Next came the salad bar piled with every-

thing but the kitchen sink. Now we're rethinking salads again—this time for maximum nutrition.

The more varied your ingredients, the more nutrients you'll get. Take the supermarket shortcut with salad-ready vegetables and fruits. For ultimate crispness, chill dressed greens for five minutes in the freezer and then mound on chilled plates. If you juggle on dressing for flavor, your salad's no longer low-cal.

### WHAT TO USE INSTEAD OF ANTISTATIC SPRAY

Fabric softener. Static electricity builds up in fabrics when the fabrics get very dry. Fabric softeners, like antistatic sprays, contain a chemical called surfactants that trap moisture on the surface of the fabric and help repel static electricity. For washable fabrics, the softeners are a less expensive alternative to the sprays.

Scent. To add moisture to clothes made of washable fabrics, hang the dry clothes in the bathroom with the shower running hot enough to fill the room with steam. This may keep the clothes static free for a few hours.

**SENIOR MEAT JUDGING TEAM** places at state. Shown standing from left to right are Mr. Ham Wilson, Past Executive Vice-President of the Alabama Cattlemen's Association presenting a plaque to Robyn Rhoades, Laura Hall, Jamie Brockton, Myrna Rhoades, Stan Windham, and not pictured Grant Coleman. The team of Robyn, Laura, Jamie and Grant placed second at state in the meat evaluation competition at the State 4-H Congress. These four people from Elba will be representing the state of Alabama at the National Contest in Denver in late October.

**SHOWN STANDING**, left to right, are members of the Coffee County 4-H Livestock Judging Team which placed third at state in the 4-H Livestock Judging Competition. Shown are Stan Windham, coach, Charles Bozeman, Charles Patterson, Chris Caldwell and Jeff Watson.

## Time To Dig Peanuts Is Big Question

Richard Petcher  
Assistant County Agent

### DIGGING PEANUTS

During the next month the number one question in the Wiregrass will be when to dig peanuts. Of course, right now we have peanuts at various growth stages, but our peanuts are growing quickly. A few of our growers have started to dig their earliest peanuts. Digging at the best time is extremely important for achieving maximum yield and grade.

The most accurate method that we now have to determine when to dig is the Hull Scrape Method. This summer we have at the Farm Center in New Brockton a hydro-blaster. This wet pod blaster provides us a method of quickly removing the thin outer layer of peanut hull so the Hull Scrape Profile Board can be used to show you how your peanut crop has set and is maturing. This method is accurate and very helpful in determining when to dig. This hydroblaster is a loan from Mr. Dallas Hartzog, our state peanut specialist, and was provided by the makers of Bravo. I will be operating this machine at the Farm Center three mornings a week, Monday 10:00 to 12:00; Wednesday 8:00 to 12:00; and Friday 8:00 to 12:00.

The machine is set up for use from 8:00 to 4:30 Monday through Friday in order to meet the demand. You may want to call ahead if you want my assistance other than the morning hours listed.

To collect the sample—A good sample, of course, must represent the field. You need three samples per field and you need to pull up five plants to get peanuts for that sample. While you are pulling your plants, make a mental note of the vine condition and check the pod stem strength. Take one plant and remove all the pods (everything that will stay in the hopper). Take a second plant and do the same. Once you have started picking the pods off of a plant, finish pulling the pods from that plant. Continue this process until you have around 200 pods.

We will run the hydroblaster and help you with the color chart until you become familiar with it. This method requires "hands-on" experience to accurately categorize the pods and read the chart. It will take about 15 minutes to run each sample. There is no cost for this test.

### FIELD CROPS DAY

A Crops Field Day will be held at the Auburn University Experiment Station in Headland August 27 from 8:30 a. m. until 11:30 a. m. The crops discussed will be cotton and peanuts. We will be looking at insect and weed control in cotton and white mold, tomato spotted wilt, the lesser cornstalk borer and its relationship to aflatoxin and various root knot nematode controls in peanuts.

This will be a meeting that our farmers would benefit from if they can possibly fit it into their busy schedule.

### NEMATODES

This is the best time of year to be sampling for nematodes. If you know where you will plant peanuts next year, those are the fields I would sample now for nematodes.

## 4-H Judging Teams Win Big

Stan Windham-Associate County Agent

Each year dedicated young people from across Coffee County work very diligently and hard in the various judging programs that we offer through the 4-H program.

One judging program that we offer is livestock judging. This is where four animals, either swine or beef cattle, are put in a class and then evaluated within a 10-minute time limit by a team of four young people. They have to give an oral set of reasons telling why they placed the animals the way they did.

The other team that we have is meat identification and evaluation. This team of young people evaluated carcasses that are hanging in the coolers, wholesale cuts and retail cuts just like you might buy in the grocery store. They place these much like the livestock team places swine and cattle, and they, too, must give a set of reasons as to why they place them like they do. The meat evaluation team also must identify various cuts of meat in a meat ID examination.

All of these events are tremendously competitive on the state level and on the district level. Coffee County has fared very well in the last few years in all of these events, and I feel like we had a particularly good year this year.

The St. Livestock Judging Team members who went to state were Jeff Watson of Kinross, Charles Bozeman of Elba, Charles Patterson of Kinross, and Chris Caldwell of Kinross. Judging as an individual in district was Beverly Flowers of Zion Chapel. This particular livestock team was second at the district and

third in the state contest held in Auburn.

Jr. Livestock Judging Team members were Matthew Farris of Elba, Joni Smith of Enterprise, Reggie Britt of Enterprise, Amanda Britt of Enterprise, Shanna Ballard of Kinross, Jeremie Bryan of Kinross, Clint Patterson of Kinross, Justin Hughes of New Brockton, Emily Bryan of Zion Chapel, and Joe Ballard of Kinross.

St. Meat Evaluation Team members were Grant Coleman of Elba, Robyn Rhoades of Elba, Jamie Brockton of Elba, and Laura Hall of Elba. This team placed first in the district and second in the state. They will be representing Alabama in the National contest in Denver in late October. Stephen Lambert of New Brockton judged as an individual on this particular team this year.

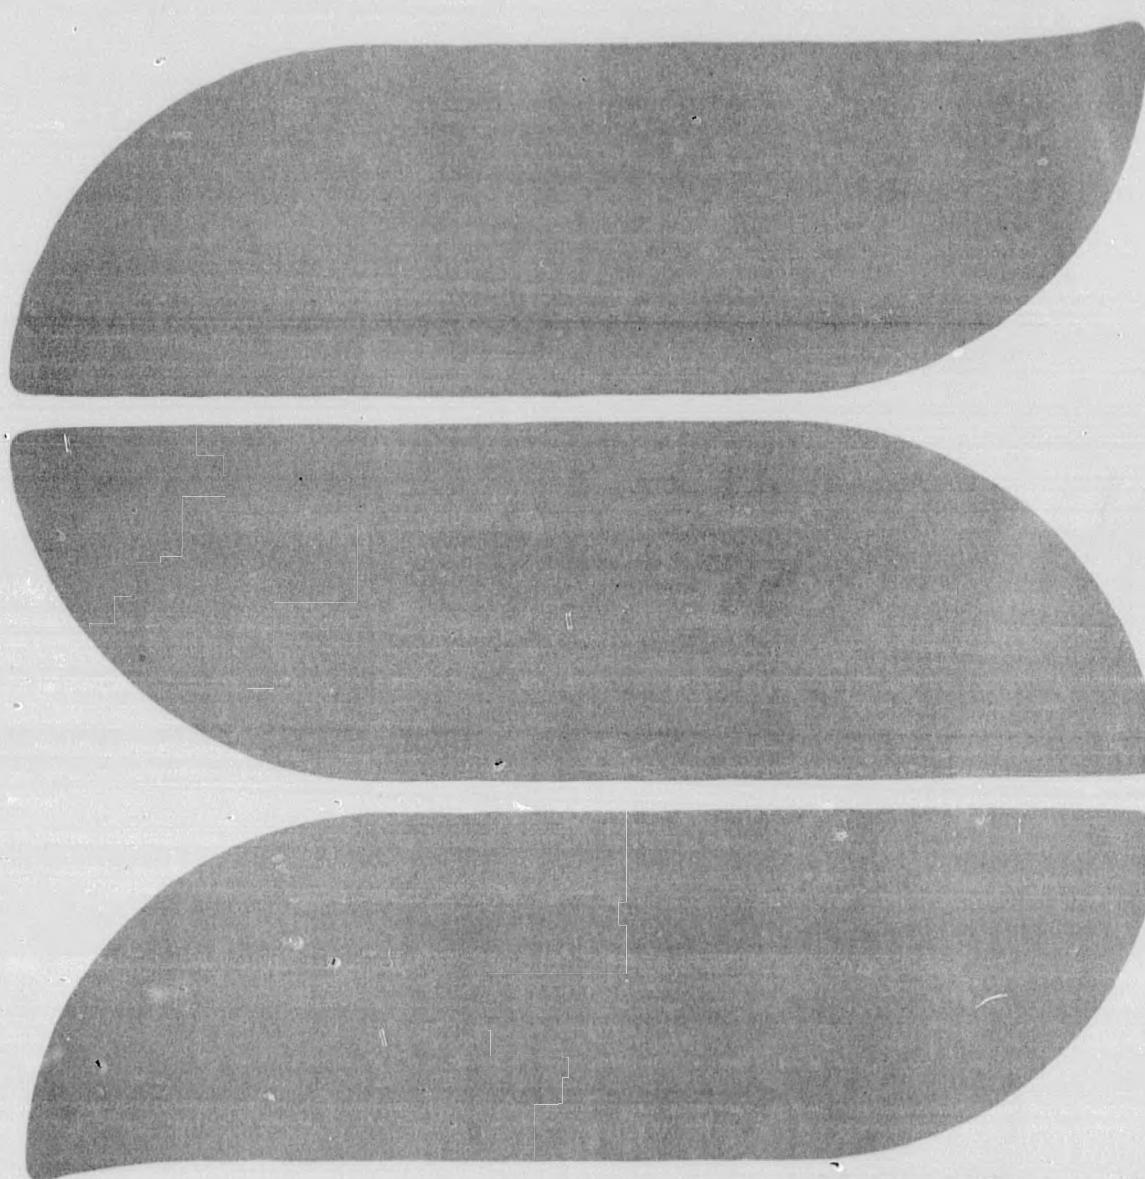

Jr. Meat Judging Team members were Amy Arrington of New Brockton, Cornelious Brown of New Brockton, and Crystal Burrows of New Brockton. Both the Junior Judging Teams in livestock and meat judging placed third at district.

I want to thank all of the parents for their continued support of the program. The program was created to help the children develop and grow in a positive way. We feel like the most of this program is being met due to the fine help we receive through the parents.

If your young person is interested in being involved in a program such as this, please give me a call at 894-5596 and we will be glad to get them involved.

Fungicides can protect disease-susceptible St. Augustinegrass cultivars from gray leaf spot. Fungicide applications should be targeted on intensively managed St. Augustinegrass lawns that have been previously damaged by this disease. Begin fungicide applications as symptoms start to appear on the leaves and repeat them every 7 to 14 days when summer weather patterns favor disease development.

## To IBM, they're new models. To the clones, they're role models.

These IBM® Personal System/2® models are everything the PC clones would like to be. Now, with greater flexibility, expandability, affordability and speed, the new PS/2s are "true blue" model workers.

The new PS/2s deliver a powerful performance at a practical price. The 40 SX provides significantly more room to grow than previous 386™ SX models. And the 35 SX and 35 LS present a cost-efficient solution for mainframe host terminal connection, as well as other general business applications.

Discover how these "true blue" IBM model workers with i386 SX will perform. Let us be the first to introduce you to some of the hardest workers in the industry - and put them right to work for you.

How're you going to do it? PS/2 it!

Buying new carpet is now simpler than ever...

# Three Rooms Of Anso Crush Resister Carpet. . . \$729!

The Carpet That Resists Crushing With Every Fiber Of It's Being!

Includes  
**Free Padding  
& Installation!**

That's right. We'll carpet three rooms in your home (up to a total of 42 square yards) with Anso Crush Resister® carpet for only \$729 -- and that includes padding and professional installation.

This is top-grade carpeting with advanced protection against stains. Because Anso Crush Resister carpet resists dirt, wear and stains, it will stay beautiful longer.

**Here's How It Works:**

10x12 Living Room ..... 13.3 sq yds  
11x12 Dining Room ..... 14.6 sq yds  
10x12 Family Room ..... 13.3 sq yds  
Total Square Yardage ..... 41.2

So if you want Anso Crush Resister carpet, a professional installation with a lifetime guarantee, a guaranteed-lowest price and no hassles -- come in and see us before this offer ends.

**ONE  
WEEK  
ONLY!**  
AUG. 21ST  
THRU 28TH

**Anso CRUSHRESISTER**  
WITH SCOTCHGARD® STAIN RELEASE

Anso Crush Resister carpet is more than crush resistant, it's crush resistant with every fiber of it's being.

**The Carpet One Total  
Protection Plan**

• Lifetime Installation Guarantee.  
• Guaranteed Lowest Prices.

Carpet One is a  
member of over 200  
of the country's  
leading carpet stores.

NUMBER 5

\$4 RECORDING FEE AND NO SMOKING IN COUNTY FACILITIES

## Commission asked to take another look

by Marvin McLwain  
Editor

During Monday morning's Coffee County Commission meeting, representatives from area libraries pleaded with commissioners to reconsider cutting funding to Cross Trails Regional Library Service.

In a response to a letter from Cross Trails stating that the county would not be able to supply any funds to the library services, Francis Strickland, chairman of the board of Enterprise Libraries, who served as spokesperson for the group, expressed distress over the cutting of funds.

A request for \$15,178.24 from Max Hand, director of Cross Trails Library Services, was made at the last commission meeting held on Monday, August 12th. He was told at that time that the county was "scraped for funds," but that they, the commission, would look at the request.

Mrs. Strickland was joined in making her plea before the commission by representatives from the Elba Library and many "concerned friends" of both libraries.

Last year the commission contributed \$5,700 to libraries within the county. According to Strickland, this breaks down to .14¢ per capita spent by on library services for county residents.

It was pointed out by Strickland that Coffee County, "shamefully so," spends less on library services than any other county in the state of Alabama.

Some neighboring counties spent more than twice as much as Coffee County. Mentioned were Covington which spent .36¢ per capita, Crenshaw .51¢ per capita, and Geneva County supported its libraries with .34¢ per capita.

The group acknowledged the shortage of funds, but it was pointed

out that during hard times people utilize library services more. They use periodical services in helping them to look for work and they otherwise could not afford.

Recreational, educational and cultural improvements are offered by the libraries to all age groups. A service is also provided to shut-ins who are unable to come to the libraries.

One possible impact the lack of funding to the libraries may have on county residents is that they will be assessed a fee for using the libraries.

Out-of-county residents are charged \$5 for a library card entitling them to use the services provided by the library. If the county does not assist in the funding of the public libraries, it is possible that this same charge will be assessed county residents too.

Charlotte Clark, a member of Elba's library board, stated that Cross Trails Library Services was very instrumental in Elba's library recovering from the March '90 flood.

All the commissioners expressed concern for the libraries and agreed that services provided by them were very important, but they told the group the commission was facing a critical shortage of funds in several areas - not just the libraries.

Commissioner Robert Stephens said, "If we can find the money, I'm for funding the library."

The commissioners agreed to take another look at the request for library funding.

Probate Judge Marion Brunson appeared before the commissioners seeking their approval of local legislation approving a special recording fee.

The fee, \$4 per document, will be collected by the Probate Judge's Office on each real property instrument, each personal property instrument and on other instruments and documents in the Probate Office in

the discretion of the Probate Judge.

Income generated by the fee, estimated to be \$30,000 per year, is to be used for an improved recording and indexing system, to purchase or improve other equipment and for the general operation of the Probate Office.

The commissioners signed a resolution approving passage of the legislative act implementing the recording fee. Collection of the fee will begin September 1, 1991.

Commissioner Sid Everett expressed dissatisfaction with the manner in which this matter was handled. He stated that it was his understanding that local legislation was to come through the commission prior to its introduction to the legislature. According to him, this particular bill was not presented to the commission as a unit.

Judge Brunson said that it was his understanding the commission supported the bill. He apologized for any misunderstanding.

Ronnie Burns, Coffee County Revenue Commissioner, presented his 1991 Mapping and Appraisal Budget for their approval. This budget has to be in Montgomery by September 1st for the state's approval.

The county's share of the \$150,000 budget is an estimated \$29,000. Commissioners approved the budget.

The county engineer, Mark Pool, recommended a 20% increase in the dumping fee for garbage being deposited in the county's landfill. This results in a \$4.80 charge per cubic yard in lieu of \$4.00 per cubic yard.

According to Pool, this amounts to an estimated increase in garbage charge to Elba residents of .34¢ per month per customer, Kingston .27¢ and Enterprise .27¢.

It was noted by some of the commissioners that an increase substantially more than those mentioned

above had been passed on to some city customers. They wanted it understood that this was not their doing.

All roads and bridges constructed in Coffee County using Federal and State aid were recently inspected by the Alabama Highway Department.

The county's highway department was commended on all of their projects which were rated as being above average.

Before adjourning, the commission voted to ban smoking in ALL county facilities. This was not passed unanimously. Voting for the measure were: Commissioners Billy Eagerton, Sid Everett, Damascus Crittenden, and Eugene Bradley. Commissioner Robert Stephens voted against the ban. Abstaining were Commissioners Jim Dubose and Bill Faulk.

Representative from Long Distant Discount Service (LDDS) of Montgomery, Robin Earl Morgan and Alan Henderson, appeared before the commission inquiring as to whether or not they had any questions concerning the service.

Commissioners made no decision on the matter, but agreed to continue to examine the phone services offered by LDDS.

C of C NUMBERS BUSINESSES ON SQUARE...The Elba Chamber of Commerce paid for the uniform numbering of the businesses located in downtown Elba on the square. According to Gene Kennett, Executive Director of Elba's Chamber of Commerce, this was phase 1 of the Chamber's downtown beautification program. The Chamber encourages all residents of downtown Elba to number their businesses and homes. This would enable emergency personnel (police, fire and rescue) to respond more quickly to emergency situations should they arise. For more information on "numbering," you may call the C of C office @ 897-3125 or city hall @ 897-2333. In the above picture, Mayor Fred Moore (left) and Mike McGuire point to the newly installed number on Elba City Hall. McGuire is the chairman of the C of C's numbering committee.

## No more fluoride in city water

by Ferrin Cox  
Publisher

At the August meeting of the Elba Water & Electric Board, a decision was made to stop putting fluoride in the municipal water supply.

This decision was made when plans were being finalized for a new water well to be drilled on a site near the new school park. Engineers noted that regulatory agency requirements now mandate the construction of special housing for the equipment to measure and inject the fluoride into the water. Board members were told this will cost about \$10,000.

Board members and utility employees questioned the need for this expense and ultimately voted to discontinue the practice at the other three water wells also.

Information given board members indicated no area communities were currently using fluoridated water. However, information received by this newspaper show the Centers for Disease Control in Atlanta listing a number of area communities fluoridating.

In Alabama, there are 3,768,000 people on public water systems. 3,149,054 of these are on fluoridated systems, according to the Disease Control report.

An Elba City Council meeting Monday evening was over in less than ten minutes. Action taken during the brief meeting was limited to approving a change in the voting order for all future meetings to be conducted from one voting place.

The council approved an ordinance doing away with the previous five different voting places, one in each voting district. Mayor Fred Moore explained that there had not been and still were not adequate voting places in all five districts. Therefore the council followed his recommendation and adopted an ordinance prepared by City Attorney Mark Vaughan to move all municipal voting to the Army Reserve Center on North Claxton Ave.

The Reserve Center is where all county, state and federal voting is done within the City of Elba. All municipal voting was conducted in that facility prior to the 1978 voting district change.

Police Chief Freddie Hanchey reported the department had answered 185 complaints during the past two weeks. This included eight traffic accidents.

36 traffic citations were issued

by the American Dental Association lists some 37 commonly asked questions about water fluoridation. Each of the questions is answered, followed by an longer explanation of the facts.

The pamphlet encourages the use of fluoride by all humans, but indicates the use is very critical for youngsters up to the age of 13. One study cited was in Antigo, Wisconsin which fluoridated from 1949 until stopping in 1960. Five and one-half years later, second grade children had more than 200% more tooth decay. Antigo reinstated fluoride in 1965.

## All Elba voters to vote in one central location

by Ferrin Cox

One study cited was in Antigo, Wisconsin which fluoridated from 1949 until stopping in 1960. Five and one-half years later, second grade children had more than 200% more tooth decay. Antigo reinstated fluoride in 1965.

## Troopers predict 17 traffic deaths

The Alabama Department of Public Safety estimates that 17 people will be killed in traffic accidents during the Labor Day holiday weekend, according to Col. Ned W. McHenry, Public Safety director.

The 78-hour holiday period begins at 6 p.m. Friday, August 30, and ends at midnight Monday, September 2nd. In 1990, 17 people died in traffic accidents during the 78-hour period, nine on rural roadways and eight in urban areas. Six of the fatal wreck victims died in alcohol-related accidents, and only three were using safety belts.

"During this holiday of high vehicle traffic, drivers are urged to use extra caution, to drive defensively and obey speed limit and all other traffic laws," said McHenry. He also stressed the importance of using safety belts, child safety seats and refraining from drinking and driving.

"Many lives could be saved and injuries prevented if motorists would use their safety belts," said McHenry. Alabama's safety belt law, adopted on July 17, requires front-seat occupants of passenger cars to buckle up.

Troopers will issue warning citations for violation of the safety belt law during the Labor Day holiday

weekend and during the 12-month warning period provided by the law. Officers must first stop and cite motorists for a separate offense before arresting them for violation of the safety belt law.

McHenry reminded motorists that Alabama's child restraint law requires that children age three and younger be secured in a safety seat, and that four- and five-year-olds use a safety seat or regular safety seat. The child restraint law applies to passengers in front and rear seats.

Federal overtime grants aimed at speed limit enforcement will allow additional troopers to patrol during the holiday weekend. Planned enforcement activity includes aerial speed enforcement, driver license

and vehicle equipment checks, and increased emphasis on apprehending DUI offenders.

"Last year during the Labor Day period, about a third of the traffic fatalities resulted from alcohol-related wrecks," said McHenry. Troopers will make every effort to get drunk and other unsafe drivers off the roadways to help make the holiday weekend a safe one.

Public Safety will participate with other state police agencies in Operation C.A.R.E., Combined Accident Reduction Effort. Enforcement will be concentrated on designated C.A.R.E. highways—U. S. 231 and 351 south of Montgomery and all interstates.

## Judge denies Creel's motion for new trial

by Marvin McLwain  
Editor

In a Wednesday, August 21, hearing, Circuit Judge Gary L. McAliley, denied Joseph Dwight Creel's, 26, motion for a new trial.

In Creel's motion, defense attorney Merrill Shirley claimed that members of the jury did not set aside their prejudice against alcohol consumption in reaching their verdict.

"The jury was properly struck," said McAliley. He said that he also felt jury members were not prejudiced in rendering their verdict in the Creel case.

In the original indictment, Creel was charged with two counts of murder and one count of first-degree assault. He was found guilty on the lesser charges of homicide by vehicle in the deaths of Scotty A. Norris, 19, and Dorothy Skinner, 56, both of Elba.

He was found guilty of second-degree assault due to injuries sustained by Myrtice Guy, 68, of Elba who was seriously injured in the car crash.

Creel was originally sentenced to ten years in prison but it was later reduced to a two-year term by Judge McAliley.

Also, Creel was ordered to pay \$133,000 to the Norris and Skinner families. The judge further ordered that upon his release, Creel was to pay 25 percent of his income to any unpaid restitution and do five years community service, 10 hours per week, for either a rescue squad or in an hospital emergency room.

LIFE FLIGHT...Traffic was detained for a short time along Alabama Highway 125 just north of Elba last Friday afternoon. Units from the Coffee County Sheriff's Department and the Elba Police Department halted traffic in the vicinity of Foy White's residence in the Wise's Mill Community while a Life Flight Unit landed. The helicopter/ambulance was dispatched from Humana Hospital in Montgomery, Alabama to pickup Foy White who was complaining of chest pains. White was given emergency treatment and was reportedly scheduled for open heart surgery Tuesday. A unit of the Elba Fire Department along with a rescue unit stood by the scene until the flight lifted off.
